Board of Trustees.

The regular meeting of the Board of Trustees was held last evening at the Town Hall.

Outside of the town officers and the newspaper reporters, the attendance was very small.

The meeting was called to order at 8 o'clock and all the members answered roll call except President Rickard.

The minutes of the last meeting were read and approved.

President Richards asked the Board to examine what he had done in the way of cleaning, and explained what else he intended to do. The Board was highly pleased with the Board room and the President was instructed to go ahead with the rest of the improvements.

The License Committee had no report to make.

The Electric Light Committee submitted the following report which was adopted, and the committee was given power to act:

To the Honorable Board of Trustees, Town of Berkeley:

GENTLEMEN—We recommend as follows: That the two lights ordered placed on corners of Eighth and Bristol streets and Fourth and Holyoke streets be not placed there at present but be placed on the centers of the intersection of the following streets: Channing way and San Pablo avenue, Eighth street and Allston way, and that the Electric Light Committee be given power to act. Respectfully submitted,

JNO. MARTIN,
C. HOFF.

Berkeley, August 16, 1895.

Trustee Gage from the Fire and Water Committee reported that North Berkeley was sadly in need of fire protection and he had been looking about to see what could be done for that section and had learned that he could procure a hose cart, 600 feet of hose, two play pipes and a dozen spanners for $500, and that the citizens of North Berkeley would build at their own expense a suitable fire house. The report was received and placed on file

It was decided that the clerk advertise for bids for the articles mentioned in the above report, to be opened at the next meeting.

Trustee Durrell, who has been absent for a couple of months, wanted to know what condition San Pablo avenue was in in reference to macadamizing it. He was informed that a new resolution of intention had been prepared and that it would come up later in the evening.

The ordinance in reference to Justice's fees came up on its final passage, and was adopted.

The Street Committee recommended that the following street work be done. That Derby street from Ellsworth to Telegraph avenue be sewered.

That Fulton street from Ward to Prince be sewered, graded and curbed, and macadamized and guttered.

That a sidewalk be laid on Kelsey street, on Stuart street, on Kimball street and on Russel street to College avenue to Ashby avenue.

In the matter of a sewer on Stuart street, it was referred to the engineer.

The petition for a sidewalk on Hilgard avenue was denied.

A communication from property owners on Kittridge street from Fulton street to Shattuck avenue, asking that the same be graded and macadamized, was adopted and a resolution of intention was ordered printed.

A petition of property owners on Shattuck avenue between Berkeley way and Bryant street asking for a six-foot cement sidewalk was granted, and the resolution of intention ordered published. There was considerable discussion upon this matter, as there are some wooden sidewalks there now. Trustee Gage said that it was all worn out and useless. The attorney stated that the Board could order it replaced with cement, and it was so ordered.

Trustee Gage said that a lady who owned property there had laid a cement walk, but as she was given the wrong grade it had to be taken up, and he thought the town should pay for it. The matter was finally referred to the attorney.

A petition for a sidewalk on San Pablo avenue from Tenth to Holyoke streets was granted, and resolution of intention ordered.

A petition for cement sidewalk on Lincoln street from Shattuck avenue to Milvia street was granted, and resolution of intention ordered.

W. H. Waste asked permission to address the Board, which was granted, and he spoke as follows:

Mr. President and Members of the Board—As President of the Holmes Library Association, I desire to offer to the town of Berkeley all of the books belonging to said library amounting to 2,800 bound volumes, 400 unbound volumes, 500 volumes of magazines, maps, carpets, furniture, etc. The institution does not owe a dollar, but it has got too bulky for us to handle, and has become of vital interest to the public, and especially to the school children of West Berkeley, Lorin and East Berkeley, and as there is a provision in the new charter which says that a law may be made for the maintenance of a library. I now, on behalf of the Holmes Library Association offer it to the town of Berkeley. We have money enough to carry it on until the taxes are collected in November.

Mr. Naylor spoke in much the same strain, and said that he thought a levy of three mills would be enough to maintain it.

Trustee Martin said he did not think a library building could be erected and the library maintained for $2,400, and that while he was in favor of a free library, he thought that Mr. Waste could get a petition signed by 300 people to present to the Board at the next meeting, and then the matter would be taken up. Such was the ruling of the Board.

The commission for the opening and extending of Woolsey street reported progress. Trustee Martin stated that the object of having these commissions report once a month, was to find out what they were doing. The Clerk was instructed to notify the Commissioners of the desire of the Board.

A petition from property owners on Cedar street, from Oxford street to Lookout Place, asking that said street be sewered, graded and macadamized, was granted.

A petition from property owners on Milvia street from Rose to Vine asking that the same be sidewalked was granted.

A petition for a six-inch sewer on Sixth street, from Rose to Dwight way, was referred to the Street Committee

A petition was received asking that Allston way be graded and was granted.

In the matter of the grading of Ninth street the protest was overruled and the work ordered proceeded with.

H. H. Dobbins asked that a hydrant be placed at the corner of Chappel street and Bancroft way. Referred to the Fire and Water Committee.

A communication was received from the Oakland Rock Company asking that they be relieved of the contract for macadamizing San Pable avenue and was read, and on motion they were relieved of their contract.

C. R. Lord presented his report as Justice of the Peace.

A resolution ordering the macadamizing of San Pable avenue was passed to print.

J. J. Dunn asked permission to grade and curb Walnut street from Cedar to Vine by private contract and the permission was granted.

George N. Martin asked permission to erect an eight-ton scale in front of his place on Stanford avenue and the permission was granted.

Marshal Lloyd asked that the lock-up back of the Town Hall be removed to West Berkeley.

On motion it was so ordered, and Trustee Durrell was appointed a committee of one to have it moved back of the Beacon Engine fire house, at a cost not to exceed $50.

The following resolution in reference to the grading and curbing of Ninth street was read:

Resolved by the Board of Trustees of the Town of Berkeley as follows:

Whereas on the 5th day of July, 1895, this Board adopted its resolution of intention, November 28th, for grading and curbing Ninth street from Delaware street to Virginia street and whereas there was filed on the 15th day of July, 1895, a protest against said work or improvement purporting to be signed by owners of more than a majority of the frontage along said improvement and whereas at the time of the filing of said protest one of the signers to it, to wit, Thos. F. Graber, represented on said protest as owning 150 feet of frontage along the line of said work did not own any of said frontage and whereas therefore said protest was not signed by the owners of a majority of the frontage along the line of aforesaid improvement that said protest be and the same is overruled.

General Wagner asked permission to address the Board in reference to an application for a franchise that Mr. W. E. Sell and himself had presented to the Board several weeks ago.

Mr. Martin stated that as $2000 had not accompanied the application he could not see how the application could come before the Board.

General Wagner then stated that Mr. Sell and himself were the owners of the franchise granted to Mr. Gardner, but that unless they had more territory to run over an electric road would not pay. He had prepared a resolution which he would like to have adopted. Martin opposed the passage of the resolution as it was just giving people a club to knock out sections of the charter and for his part he did not propose to have the charter interfered with. If Mr. Wagner thought that the provisions of the charter were unconstitutional he could take the matter into Court. If the resolution was passed it would make the Board go into Court to find out if the section was constitutional, and the Town Attorney had enough to do for the town without making him fight other peoples battles.

Trustee Gage said that the people of North Berkeley wanted an electric road but they did not want the charter interfered with in order to get it.

Trustee Cripps, Durrell, Hoff and President pro tem Richards all expressed themselves as being of the same opinion.

The application was then laid upon the table until such time as the applicants appear before the Board with two thousand government castings representing one dollar each.

The gist of the resolution was that the Board advertise the franchise and if it were sold to Messrs. Sell and Gardner it was to be awarded to them without the payment of $2000 and then the Board could take the matter into court, and if it was decided that the $2000 had to be paid then they would pay it, if not then the town would be out nothing and the road will have been built without delay.

Frank James, who had been selected to codify the ordinances, presented his work to the Board and it was found to be satisfactory. All who examined the work could not help but compliment him for the concise and neat manner in which he had arranged and put the ordinances together.

The ordinances were then referred to the town attorney for his revision.

Trustee Cripps wanted to know what had become of Mr. Blackree, the expert employed to expert the books and his report.

President Richards stated that he had been trying for several weeks to get the report and it had been promised him from day to day but had failed to materialize. He had called at the residence of Mr. Blackree that afternoon but failed to find him in. He felt reasonably certain that he would have the report for Monday evening.

Dr. Rowell addressed the Board upon the matter of hauling the garbage from Oakland through Berkeley. He said that the GAZETTE was criticizing the Health Officer for allowing it and he wanted an ordinance passed in order that he could stop it. Trustee Martin, who like Dr. Rowell believed the GAZETTE'S criticisms to be for the benefit of the people, it being the only paper whose criticisms were noticed, stated that there was an ordinance covering the point and read it.

"That settles it" said Dr. Rowell, "No more garbage from Oakland shall pass through Berkeley."

Mr. Stevenson wanted to grade and curb Blake street, and also lay a cement sidewalk in front of his property by private contract. Referred to the Street committee.

W. C. Davis petitioned the Board to grant him a free license to carry on the express business. Referred to the License Committee.

Charles Clausen applied for a license to carry on a saloon at the corner of Alcatraz avenue and Adeline street. Referred to License Committee.

The Commissioners for the opening of Harmon street made their report which was filed.

An ordinance amending an ordinance for the collection of taxes was read and passed to print.

An ordinance making it a misdemeaner to put tacks or glass on the sidewalks or streets was read and passed to print.

The matter of repairing the Fourth street bridge was referred to the Street Superintendent to estimate the cost and report at the next meeting.

The President was instructed to secure desk room for the sanitary inspector in East Berkeley at a cost not to exceed $3 per month.

There being no further business the Board adjourned until Monday night, when it will meet as a Board of Equalization.

It seems to be a good week for weddings. Claude Pruze, a native of France and a resident of West Berkeley, will be united in holy wedlock this evening to Miss Adelphine Bertha Ledeme, a resident of Alameda. The ceremony will be performed at the residence of the bride's parents. Every preparation has been made to give the happy couple a good send off for the future. The GAZETTE congratulates the bride and bridegroom, and trusts that their future life may be full of happiness.

The Parker Match Company has just received a handsome new delivery wagon from the factory.

WILL BE A JURY,

But the Chief Actor can not be Present.

County Auditor Whidden Very Ill.

A Most Delightful Musicale.

Judge Frick a Man of Nerve—It is Said; and other Important Locals.

Auditor Whidden Ill.

County Auditor Myron Whidden, who is to be investigated by the Grand Jury, has been taken suddenly ill, and is now confined to his home. He is threatened with typhoid fever, and is under the care of a physician. The worry that he has passed through during the past week has told on him and he will not be able to face the investigation for several days.

The Grand Jury has been summoned to meet next Monday in order to make an investigation of the shortage in the Tax Collector's office. This will be the special business of the county censors, and it is the intention of the District Attorney to have them find an indictment against some one if possible. Everybody connected with the courthouse scandal is ready for the investigation except Whidden. His friends are anxious that he be given an opportunity to state his case before the Grand Jury, and they will try to have the investigation postponed. It is, however, necessary that Whidden should be present. The hearings before the Grand Jury are generally ex parte, and in this particular case there will probably be no deviation from the general rule.

Whidden is the only man connected with the scandal at the courthouse who has not made a full explanation. He has said all along that he prefered to make his defense at the proper time and before the proper tribunel and he asked his friends to suspend judgment until the whole matter was decided.

Dr. Boyes, who is attending Whidden, made a statement of his condition today, in which he said: "Whidden is in a very bad state. What brought on this condition I cannot say, but I can see the results. From the present indications he will be confined to his bed for a long time. He is in just the state for a long and serious illness."

A Matinee Musicale.

Last Sunday's one o'clock train from San Francisco brought to Berkeley Messrs. Gordon Purcell, J. Burton, George Emerton, and the two Messrs. Rotherwell, all of whom comprise the Burton-Purcell String Quintette, of San Francisco. They were seen wending their way down Addison street carrying a number of stringed instruments until they reached the home of Mr. and Mrs. Paolo Salisbury just below Grant street, where on every Sunday the stars and stripes can be seen proudly floating from the flagpole on the lawn, as an indication that the family is at home, and ready to extend their hospitality to their many friends. At the house they were met by the hostess and host, and were soon joined by other guests, as follows:

Mrs. James Rope and Miss Sadie Rope of Fruitvale; Mrs. W. Keith, Mrs. S. Woolf, Percy Woolf, Miss Monahan, Miss Madden, Mr. Schwartz, all of San Francisco; J. C. Sherrett, Miss Bernice Sherrett, Mr. and Mrs. Carl Boncosky, Miss Fanny Hampton and George S. Tilden, all of Berkeley.

Soon the sweet strains of music produced by banjos and guitars were enjoyed by the assemblage.

At 4 o'clock an elaborate dinner was served, after which the muses of music and song held high reign in the house until the departure of the city guests on the nine o'clock train.

A song by Miss Monahan, who is gifted with an exceptionally clear and sweet voice, was especially enjoyed by the company.

The affair was entirely informal, but was made use of by Mr. and Mrs. Salisbury's friends to mark the first anniversary of their removal to their new home at 1731 Addison street.

Judge Frick.

There is one thing that the people of Alameda county, as well as the whole State can feel assured of and that is Judge Frick of the Superior Court has shown an intuitive knowledge in passing sentence upon criminals, that is not generally arrived at until after years of Iexperience as a committing Judge This knowledge was shown when he passed sentence upon the criminals, Berry Holland, Jacob Openheimer and John Holland.

It is a pleasant surprise to know that the county has so young a judge who displays ability that must grow as time passes along. Other improvements in the judiciary line might be commented upon, all of which go to show that in Judge Frick. At the same time he may err in his judgment. This will be overcome in time however.

While wishing to make the proper comments of approval when worthy there will be no hesitation in giving words of disapproval whenever it may seem necessary to do so.

All who are in favor of free silver coinage should attend the meeting at George Schmidt's office this evening for the purpose of selecting a delegate for the Silver Convention to be held in San Francisco next week.

There will be a wedding in Lorin this evening, and the contracting parties are Daniel Joseph O'Neil, of San Francisco, and Martha Frederike Menicke, daughter of Mrs. Menicke of Lorin. Quite a number of friends have been invited, and after the ceremony has been performed a wedding feast will be served in the Arcade building, on the corner of Alcatraz avenue and Adeline street. The good wishes of all friends and acquaintances go with the happy couple.

TOWN OFFICIAL PAPER.

SATURDAY, AUGUST 17 1895

WORK WELL DONE.

The Town Hall, under the supervision of President pro tem Richards, now presents a first class appearance. The carpet in the council chamber inside the rail has been taken up and cleaned and put back with plenty padding under it, the walls and ceilings have been nicely kalsomined in a cream tint, while the wainscoting and doors have been nicely grained in oak. During the coming week matting will be laid in the lobby and linoleum will be laid in the hall and also in the clerk's and marshal's office. This work has not been done yet but it has been contracted for at a very reasonable rate and if the work done in the council chamber is a sample of what will be done in the front part of the building the people of Berkeley will be well satisfied.

Mr. Richards has given this work his personal attention and he is entitled to the thanks of the people for it.

In this connection we would like to make a recommendation to the Board which is a good one, and one that should be carried out. We suggest that six desks be purchased and placed in a semi-circle about the President's desk, with the Clerk in the center. He will then catch all motions and resolutions correctly and will always be in reach of each member when they desire papers from his file. There is scarcely a town in the State where the Board of Trustees have to sit at one table where there is no chance for them to confer with one another. The cost of the desks would not be very great and for that matter it could be divided with the Board of Education who would use them at their meetings. Another thing that is needed is a larger table for the reporters, the present one being entirely inadequate for the comfort or proper working of the newspaper scribes.

Berkeley has a Board of Trustees that are intelligent and a good sample of the kind of men that compose our population, and the people are proud of them and want the dignity of their offices sustained. It makes one feel a great deal better and much prouder of the town when he can take a friend to the Town Hall on a Board night and point out the Trustees sitting properly as a legislative body instead of around a square table as though they were just going to dine.

We feel sure that the people of Berkeley agree with us on this desk proposition and that the Trustees will be commended if they adopt the desks at once and be in keeping with their new surroundings.

WILL STOP THEM.

When the train carrying the garbage and filth from Oakland pulls into the Berkeley limits this evening it will be stopped, and the engineer will be instructed to return to Oakland with it. If he refuses he will at once be placed under arrest and tried under the ordinance which makes it a misdemeanor for any person company or corporation to haul swill or garbage through the town of Berkeley unless the same is in a tight box or cart with a close fitting cover, the same to be satisfactory to the Health Officer.

Health Officer Rowell is determined that the odors of Oakland filth shall not be wafted over beautiful Berkeley and he will have it stopped or else it will prove a very costly experiment for the Southern Pacific Railway Company or the person who has contracted with the city of Oakland for hauling their garbage through our fair city.

Dr. Rowell did not care to do anything hastily so he appeared before the Board of Trustees last evening to see whether the present ordinance covered the case, and he was informed that it did, and his remark was "That settles it, they've got to stop." When the Health Officer says a thing he means it, so our people can rest assured that Oakland will have to find another dumping ground.

MORE WATER.

Residents of Lorin are very anxions to have more street sprinkling done about the station. Some sprinkling is being done on the west side of the railroad track but on the other side of the track and for a block or so up Alcatraz avenue the dust is very bad. Now that the street superintendent has been allowed another cart this may be remedied.

THE GAZETTE publishes from nine to ten columns of reading matter every day and all of this is news of importance condensed and local news. Our contemporary publishes from five to six columns, the most of which amounts to nothing. With this state of affairs it is no wonder that the GAZETTE subscription list is increasing rapidly every day and that its columns bristle with live business advertisements. If the people will keep encouraging us with their patronage we will promise them that the paper will continue to improve right along.

FOR a long time before the present city editor took charge of the Examiner, the words "published exclusively in the Examiner," appeared regularly every morning in black type. Yesterday morning the Examiner and Call were both badly scooped by the Chronicle in the publication of new testimony in the Durrant case, and the "published exclusively" did not appear in the latter, although it has a machine that will print black letters.

A COAT of paint on the outside would not hurt the Town Hall any at the present time, and it should be done. The interior of the hall has been put in fine condition, the streets are all being cleaned up, and still the only public building owned by the Town outside of the school houses remains in a dingy condition and is an eyesore to the residents of Berkeley and a poor recommendation of our thrift to the visitor who may chance to pass it.

THE San Francisco Chronicle is digging up some very damaging evidence against Durrant, and he is now showing signs of weakness and it is thought that long before the witnesses for the prosecution are through he will collapse entirely.

The Board of Trustees last evening commenced the advertising for macadamizing San Pablo avenue anew, and now it is thought that there will be plenty of bidders. The advertising and posting of notices will be finished up as rapidly as possible, so that the contract can be let before the winter rains commence. It is absolutely necessary that this work be done, as the street has been graded and is now being put into a horrible condition, owing to the amount of travel going over it. If it is not macadamized before the rains it will be impassable this winter.

Mr. Henry is fitting up the store that was formerly used as Justice Shaw's Courtroom, in the Landregan building, corner of San Pablo and University avenues, for a cyclery. The location is a good one and there is no doubt but that the proprietor will do a good business.

Pete Unda is deserving of success in the Peerless saloon on San Pablo avenne, between Addison street and University avenue. He is always attentive and courteous. His goods are of the best quality and his lunches are always appetizing.

State Board Valuations.

County Assessor Dalton is not pleased with the State Board of Equalization's valuation of property in this county, and has the following to say:

"The State Board of Equalization attempted to make a special point over the fact that in some cases the assessed value of the land in this county was not up to the mortgages on the same land. The State Board of Equalization seem to have forgotten that they have assessed the Southern Pacific Railroad at about $9,000 a mile and the Central Pacific Railroad at something like $17,000 a mile, when these roads are mortgaged for from $40,000 up to $65,000.

"When they say that I have not assessed land in my county up to the mortgage value they should think of some of their own acts. Not once did they show where any such discrepancy exists in my valuations. They have made this difference in valuation upon the richest corporation in the State, and where they find a poor man's house and lot that is mortgaged for all he could possibly get on it in the boom time they want to raise that valuation so that he will have not only his interest to pay, but taxes in addition. If I have erred it has been in favor of the poor people and the small property-owners, They have made their error in favor of one of the greatest corporations in the country.

"It is further a fact that the mortgages they have so gleefully referred to were made several years ago, when times were better and land values were higher. Those that have been made since have been at exorbitant rates of interest in order to secure such a lien upon the land. By looking at the foreclosures made in this county in the past year it is easy to see that these mortgages are really deeds.

"The State Board of Equalization has made a special attack upon this county because we dared to show them where they were faulty in assessing the railroads as they have. Because we attacked the corporations they are now attacking the masses of the tax-payers of the county. They may say what they please about our valuations and and my assessment, but in no place in Alameda county is there any showing on valuations as compared with mort gages such as they have made on the railroads.

"This board did not think that the assessments on mortgages were too low in this county last year, and most of the figures that they quoted yesterday were the unchanged figures of Mr. Leckie. We made no changes where he had assessed a mortgage."

That the Advocate will cease as a daily and come out as a semi-weekly.

That the East Berkeley Weekly had quite a circulation of its July 24th number in the creeks about West Berkeley.

That the reporters at the Town Hall are a harmonious set when the new woman is away.

That Frank Gimbel did not catch the greased pig the other day.

That Wolferdinger's museum attracts a large number of strangers at the West End.

That it takes $2000 cold cash to make an application for a franchise under the new charter.

That there is quite a difference in franchises at $12 and at $2000.

That Oakland has got a large number of Trilbys, who want to pose in their bare feet.

That Louis Borkheim and the fire boys are talking up a watermelon social.

That West Berkeley is to have a jail that once cost $500 to line.

That Paul Nickelman, Byron Underwood and Harry Dean have returned, and have got some Gladding deer stories.

Ex-Surveyor King had a judgment go against him this morning in Justice Lord's Court. It was a case of where a contract was made for a book to be published. When completed and delivered it did not meet the ideas of what was held out in the beginning and the defendant refused to receive or pay for it. The decision was that the contract was too binding and the defendant must pay what was in the bond.
